

# REAL Program

## Years 7 & 8

Our Year 7 & 8 program is the first stage in the Richmond Emerging Aboriginal Leadership journey. This two-day, non-residential program welcomes participants to the KGI team, and introduces participants to the three key pillars of the REAL program.

Our year 7 & 8 program includes workshops that explore:

- Being an Indigenous leader within your school.
- Growing your identity through community connections.
- The importance of sleep and good nutrition on wellbeing.

An important part of this program is connecting with other young Indigenous mob and having heaps of fun. In our Year 7/8 program participants will learn some of the classic KGI games and will participate in team-building sports.
