

KGI Elite Sports Program Years 9–12

The KGI Elite Sports Program is a six-day program that provides Indigenous youth in Years 9-12 with focused elite-level training. This program is designed for young athletes who are actively engaged in school-based or club-level competitive sport.

Delivered over three weekends (January, July and December) this program includes physical exercise, sports leadership, and high-performance social and emotional wellbeing techniques.

Delivered from the Richmond Football Club, this program physically prepares athletes for the pre-season and exposes participants to a typical week in the life of an elite athlete.

Athletes stay at Club approved accommodation within the Richmond precinct. Supervision is provided by KGI staff. All meals and equipment are provided.

The program is supervised by Korin Gamadji Institute Indigenous staff, and activities are supervised by elite-level trainers from the Richmond Institute of Sports Leadership.

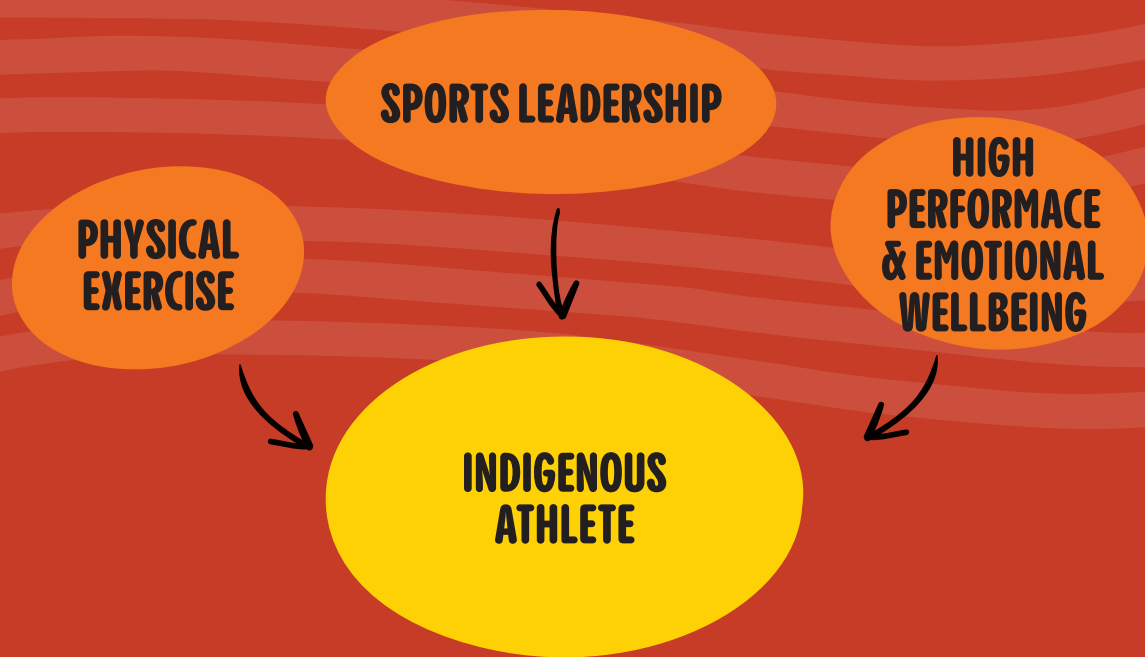

Program participants will also be offered the opportunity to join the Bachar Houli Foundation team to compete in the Unity Cup.
